

Green Hills Quilt Collection

Kat's Mountain

by Ashli Montgomery

Finished Block: 6" x 6" | Unfinished Block: 6.5" x 6.5"

Half-square triangles are one of the most versatile and frequently used techniques in traditional quilt designs. Kat's Mountain slices them up and puts them back together in a new order to create a majestic mountain range on the horizon.

To make it extra fun, half of the HST is constructed using six different fabrics for a scrappy look.

MATERIALS

 **Fabric A**

(6) 2¼" x 10½" strips in a variety of solids or prints

 **Fabric B**

(1) 10½" x 10½" square

Create Kat's Mountain Block

1. Sew Fabric A strips together and trim as needed to create a 10½" x 10½" square.

2. Draw a diagonal line on the back of the 10½" Fabric B square.
3. Using the Fabric A scrappy square with the Fabric B square and right sides together, stitch ¼-inch from each side of the diagonal line.
4. Cut directly on the stitch line to create (2) A/B half-square triangles. Set one aside to use on a future project or a second Kat's Mountain block. This example sets aside the HST that is mostly light shades of Fabric A.

5. Press the other A/B HST open with seam allowance toward Fabric B.
6. Slice on the vertical seams and trim strips to create (6) 1½" mountain peaks. Note: they will be longer than needed.
7. Arrange peaks as desired. Make sure the length from the shortest top edge to the highest bottom edge is at least 6½" before stitching. After sewing them together, trim block to 6½" square.
